BOWS
JOSEF FRANK

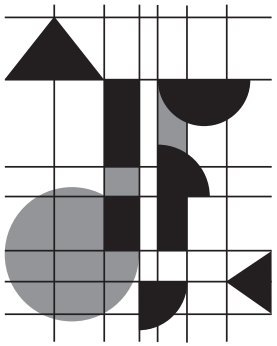

Illustration capturing the spirit of modernism late 19th and early 20th century. Design: Almedahls

Bows by Professor Josef Frank

Josef Frank (1885 - 1967) was an Austrian-Swedish architect and one of the foremost representatives of modernism in Austria. Josef Frank created the Bows pattern during the period 1920-1930 as part of a larger collection of patterns mixing geometrical shapes with elements from nature.We proudly present a selection of products with the original Josef Frank Bows pattern.
